

World Fly-Fishing Championships (Scotland) 2009

8th/9th/10th June 2009

CONTROLLERS REQUIRED

The World Fly-Fishing Championships will be held on 8th, 9th and 10th June 2009 on the River Tay (at Stanley), Loch Awe, Loch Carron, Loch Leven and the Lake of Menteith and voluntary controllers are required for each day at each of the venues. Entries have been received from 26 countries which will make this one of best attended championships ever held and the organising committee (Dr Neil McCarry, Sandy Forgan, Andy Walker, Alberto Laidlaw, Kenny Miller and Tom MacTaggart) would appreciate your help.

A set of guidance notes are laid out below:

- **Activities:** Controllers measure and record their competitors catch. The angler brings the fish to the net, it is measured and the catch is released then recorded on the competitor's card. At the loch venues the controller is in charge of the boat. The controller should not assist the competitor, and should remain entirely impartial.
- **First-Aid:** There will be first-aiders at each venue. If you hold current first-aid qualifications please provide details.
- **Training day(s):** It is intended to run training days to familiarise the controllers with all relevant aspects of the event.
- **Experience:** Controllers require to have local knowledge and experience of fly-fishing competitions on rivers or lochs. Controllers at the loch venues require to be competent boat handlers
- **Commitment:** It is preferable that a controller attends on all three days but if you are able to assist on two or even on one of the days it would be a help. The controllers need to arrive at the venue well before 0900 hrs and should be finished by 1800 hrs on the Monday and Wednesday and by 1300 hrs on the Tuesday.

Further information can be obtained by phoning Tom MacTaggart at 01968 672015 or by email to the address given below.
